

Sword Health + Businessolver Pinnacle Partnership

We are proud to have Sword Health as a part of our Pinnacle Partner Program. You trust us to offer your workforce the benefits they need, when they need them. We trust our Pinnacle Partners to help us take those benefits to the next level, ensuring they activate on those benefits throughout the year. These relationships, grounded in empathetic experiences and state-of-the art innovation, offer quality products and services with secure and seamless integrations.

Relieving back and joint pain from home

Musculoskeletal, or MSK, pain can be debilitating for your employees. With this partnership, we are creating experiences that not only help employees treat their MSK issues but allow them to receive treatment from the comfort of their home.

Better Together

Together, Sword Health and Businessolver help employees get access to the musculoskeletal care they need, when they need it. Through Businessolver's benefits technology employees can enroll in benefits with ease and then return to the same experience to continue their benefits journey and manage their health through virtual care with Sword Health. A seamless integration and simplified experience with powerful outcomes.

- **Personalized:** Your employees' MSK issues are unique to them. Sword Health matches all members with a Doctor of Physical Therapy who uses their knowledge to design an exercise program that evolves as members progress, and educates and coaches them for lasting change.
- **Innovation:** We understand that virtual care is critical in providing care options to your employees when they need it. Sword Health is the only digital MSK vendor that has gone through the FDA listing process. Our sensors are the patented best in the industry, and are up to 4X more accurate than the human eye.
- **Excellence:** You invest in your employees' well-being and deserve superior results. Sword Health is proven to work better than anything else out there, and save both members and businesses money by reducing or eliminating the need for surgeries or other costly treatments.

Who is Sword Health?

Sword Health provides virtual physical care for back, joint, and muscle pain, which is proven to work better than in-person physical therapy. Sword Health's mission is to free two billion people from physical pain, one at a time, using clinically proven technologies and techniques to help people feel better, fast.

Sword is available to eligible members as part of your health plan benefits.
